Adani Bunkering

Marine fuel supplier of your choice

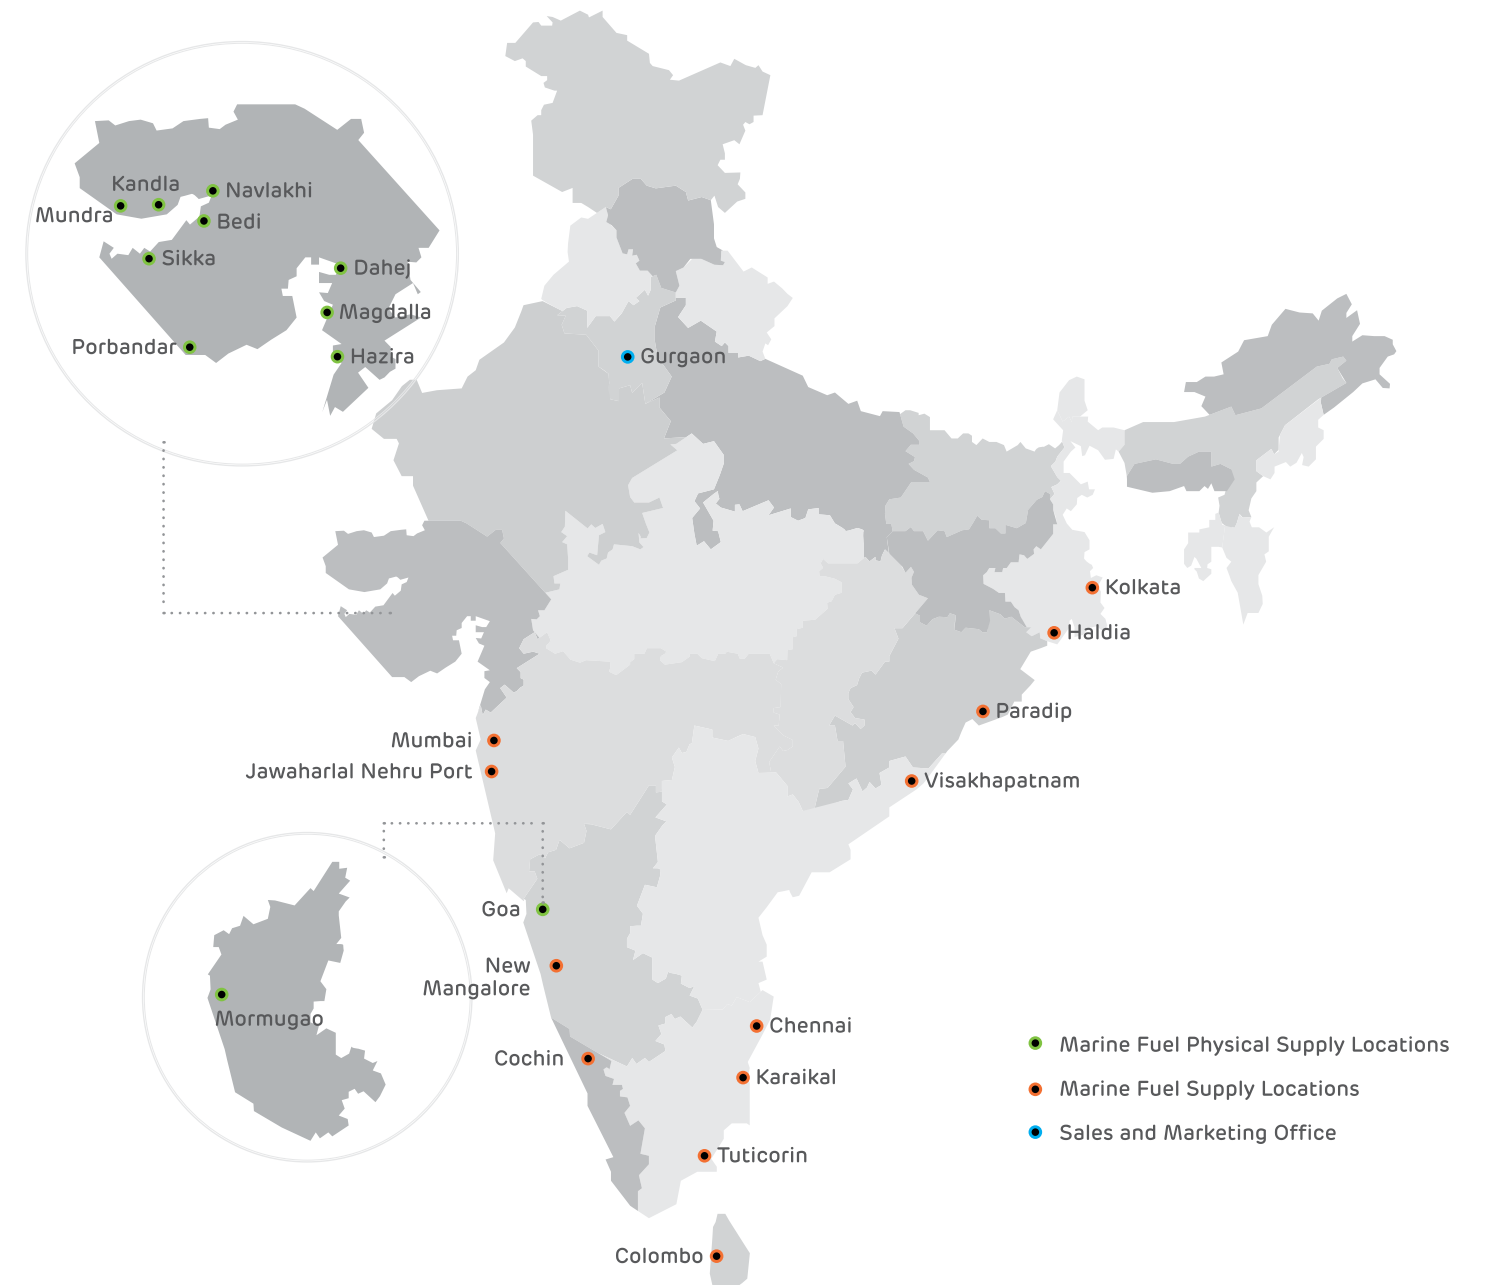

Adani Bunkering Private Limited is wholly-owned subsidiary of Adani Enterprises Limited, part of Adani Group, one of India's leading business houses. Adani Group is a globally integrated infrastructure player with businesses spanning coal trading, coal mining, oil & gas exploration, ports, multi-modal logistics, power generation and transmission, and gas distribution. With a string of 10 ports and terminals across east and west coast of India, Adani Group is India's largest private port operator.

Adani Bunkering is India's largest bunker supplier with a market share of more than 40%

backed by strong infrastructural setup. We own and operate fleet of barges of various sizes to match different products, locations and sizes of the receiving vessels. Our network of suppliers in India and globally ensures seamless & cost-effective services to our customers.

Our focus is to provide quality products and services at competitive prices and bunker delivery during cargo operations to reduce operation time. Our dedicated team of trading and operations are available 24x7 to put their experience, expertise and knowledge for the service of our esteemed customers.

Fuel oil supply locations in India

International bunkering expansion - present & planned

World Class Bunkering Infrastructure

Corporate Social Responsibility

Consciously responsible

Adani Foundation carries on social welfare activities by focusing on four major areas:

Education

Adani Foundation is committed to improving the quality of education by adopting government primary schools, providing support to increase teaching effectiveness, enhance community participation, and improve school environment as per UNICEF guidelines. AF runs Adani Vidya Mandir for underprivileged children in Ahmedabad and Bhadrashwar, Mundra. The foundation conducts exposure tours to Mundra for students, and promotes girl child education through various programmes.

Community Health

Adani Foundation provides need based support to Government Community Centres and Primary Health Centres. The foundation runs rural clinics, holistic health camps & mobile healthcare vans so that basic healthcare reaches all. Several drives ranging from 100% sanitation, to women's health, to financial support for critically ill and needy patients, as well as prevention, awareness and

care for kidney stone are organised. One of the most innovative projects is the health card for senior citizens.

Sustainable Livelihood Development

The foundation facilitates income generation support to marginalised groups, widows, fishermen and women and people with disabilities. It provides support for drip irrigation and innovative farming techniques. Entrepreneurial development training to women and youth as well as employability enhancement through skill development training is provided. Support to traditional artisans and ITIs are provided as part of the sustainable livelihood development programs.

Rural Infrastructure Development

Infrastructure development has helped in achieving our vision of improving quality of life through basic amenities such as approach roads, school rooms, anganwadis, gardens, solar lights, medical centres, water tanks, and water source development, etc. Farmers benefit from drip irrigation and water conservation projects such as check dams and pond deepening.

The Power of Intergration

Adani Group

The Adani Group is one of India's leading business houses with a revenue of about \$9.4 billion in the financial year 2014-15. Founded in 1988, Adani has grown to become a global integrated infrastructure player with businesses in key industry verticals - Resources, Logistics and Energy. The integrated model is well adapted to cater to the infrastructure opportunities of emerging economies.

Adani's range of activities includes Coal Mining and Trading, Agri-business, Port and Railway Management, Shipping, Power Generation and Trading, amongst others. The group has offices across India, and subsidiaries in Singapore, Indonesia, UAE (Dubai), USA and Mauritius.

The Group has also made significant inroads in the Agri-infrastructure business by setting up grain storage silos and cold storage facilities. We are a market leader in the edible oil business with our brand 'Fortune' leading the pack.

One Vision One Brand

Vision

To be the globally admired leader in integrated infrastructure businesses with a deep commitment to nation building.

We shall be known for our scale of ambition, speed of execution and quality of operation.
